Re: Uintah Basin Region 5 Pre-Disaster Mitigation Plan Update – Stakeholder Meeting #1

To Whom It May Concern,

Your city/agency/jurisdiction has been identified as being within the geographic area covered by the existing FEMA-approved regional hazard mitigation plan, which Uintah Basin Region 5 (UBR5) is currently in the process of updating. You or your designee are invited to attend a stakeholder meeting to be held on **Thursday, January 25, 2018 from 12:00 pm to 1:30 pm at the Uintah County EOC located at 641 East 300 South #375, Vernal, Utah 84078.** The meeting will provide an overview of the scope of the Plan update, as well as discuss how your city/agency/jurisdiction is involved in the process. In addition, the results of the resource development and planning activities accomplished to this point will be presented. **Lunch will be provided by Uintah County.**

We appreciate your involvement in our planning efforts and look forward to seeing you at the stakeholder meeting. We intend on holding a stakeholder meeting at the completion of each of the four phases of the plan update process.
